CHANGE OF LICENSED FACILITY INFORMATION

Changes in any information with regards to such items as contact persons for the facility or physical location, the owners of the licensee including the percentage of interest owned (without a change in ownership), the person designated as the responsible party, the directors and officers, or the regulatory contact person must be submitted to the Board in writing and should be submitted within 60 days after such changes become effective. A *Request for Change of License Information* form is available on the Board's website for use. *DURING THE RENEWAL PERIOD, SUCH INFORMATION MAY BE CHANGED ON THE PRE-PRINTED RENEWAL FORM AND SUBMITTED WITH THE RENEWAL BY LEGIBLY PROVIDING THE NEW INFORMATION WHERE INDICATED.*

Any licensee changing their physical location is required to submit an application (location change) for new licensure of the new location at least 30 days prior to such change of location. A new location physically located in Louisiana requires inspection before a new license will be issued.

If your facility has a change in ownership, you should notify this Board by applying for a new license under the new ownership as soon as the change becomes effective. Louisiana licenses are issued to facility locations by owner and are non-transferable.

LOCATION CHANGES AND/OR CHANGES IN OWNERSHIP MAY NOT BE REPORTED ON THE ANNUAL RENEWAL FORM; APPLICATION FOR NEW LICENSURE MUST BE SUBMITTED. NEW LICENSES ISSUED DURING THE RENEWAL PERIOD WILL BE VALID FOR THE CALENDAR YEAR (expiring 12/31/2014) AND WILL BE REQUIRED TO BE RENEWED FOR THE UPCOMING CALENDAR YEAR.

R.S. 37:3478.A, no person shall participate or engage in the wholesale drug distribution business without a license; therefore a new location must be licensed before the move and business is conducted from the new location. Failure to adhere to current laws and regulations could result in disciplinary action being taken against the licensee.

INSPECTIONS

BOARD INSPECTOR(S) MAY NOT ANNOUNCE OR SCHEDULE INSPECTIONS IN ADVANCE.

Your facility will be inspected during your normal business hours. During that time, the facility's recorded designated responsible party (DRP) must be available to produce records and assist the Board inspector with the inspection. If the DRP is not at the facility due to authorized leave when the inspector arrives for the inspection, there must be someone

designated to act in his or her place to allow the inspection authorized in La. R.S. 37:3470 to take place. It is your responsibility to be in compliance when the inspector arrives. Even non-compliance issues corrected while the inspector is present will be considered violations and reported to the Board's compliance officer.

PERPETUAL INVENTORY

Board regulation LAC 46:XCI.311.A provides:

"Wholesale drug or device distributors shall establish and maintain perpetual inventories and records of all transactions regarding the receipt and distribution or other disposition of drugs or devices. These records shall include the following information:

1. source of the drugs or devices, the name and principal address of the seller or transferor, and the address of the facility or physical location from which the drugs or devices were shipped;
2. the identity and quantity of the drugs or devices received and distributed or disposed of; and
3. the dates of receipt and distribution of the drugs or devices."

Medical gas distributors are not required to maintain a perpetual inventory on oxygen, but are required to maintain perpetual inventories on all other medical gases and legend devices (if applicable).

UNLICENSED SUPPLIERS

All wholesale drug distributors physically located and conducting operations in Louisiana should verify that each shipping location of every legend drug or legend device supplier they purchase from is licensed by this Board to distribute legend drugs/ devices into Louisiana.

In accordance with LAC 46:XCI.311.G, wholesale drug or device distributors located in Louisiana shall not purchase or receive drugs or devices from other than wholesale drug distributors licensed by the Board to ship or sell in or into Louisiana and they shall notify the Board of any wholesaler not licensed by this Board shipping in or

into Louisiana or selling or offering to sell in or into Louisiana.

Louisiana licenses are valid only for the facility or physical location for which it is issued to (LAC 46:XCI.303.C).

The Board requires a separate license for EACH facility or physical location owned or operated by the same business entity that sells and/or distributes legend drugs or devices in/into Louisiana (LAC 46:XCI.301.A.1).

An entity must license all locations from which legend drugs or devices are sold and/or shipped (LAC 46:XCI.301.A.2).

DISPOSAL OF EXPIRED OR QUARANTINED DRUGS OR DEVICES

Remember that all disposals of legend drugs or devices must be fully documented for a complete inventory record.

Legend drugs or devices should only be transferred to entities authorized by law or regulation to procure and possess legend drugs or devices.

DAY GATES

The Board recommends to all licensees who leave warehouse doors open during regular business hours to set up a "Day Gate" or a manned location to limit access into the warehouse for security of product. Open warehouse doors located where no licensee personnel is within line of site can create an opportunity for product to be stolen.

AUTHORIZED RECIPIENTS

In accordance with La. R.S. 37:3480, sales or distribution of legend drugs or devices shall be made only to an authorized recipient - i.e., a person such as a natural or juridical person including an individual, corporation or other legal business entity - who is authorized by law or regulation to procure or possess such drugs or devices. Any location to which legend drugs or devices are sent must also be authorized to procure or possess such drugs or devices. In accordance with Board regulation LAC 46.XCI.311.D, and to ensure that the customers you sell/distribute to are authorized to procure or possess legend drugs or devices, wholesale drug distributors are required to maintain copies of licenses for all customers that are shipped or sold legend drugs or devices.
